major in Music Education.**

CMPA HOLDS 3RD MUSIC THERAPY CONFERENCE

The College of Music and the Performing Arts is holding the 3rd Music Therapy Conference, entitled "The Sound of Healing" on 6-8 May 2017.

The St. Paul University Manila Music Therapy Center is the FIRST in the Philippines to provide music therapy services for children and youth with disabilities. As a pioneer of music therapy courses in the Philippines, we undertake the task to advance public awareness of the benefits of music therapy and increase access to quality music therapy services in a rapidly changing world through the unique knowledge and skill of degree holders in music therapy.

It is in this light that we launched "The Sound of Healing—The First Music Therapy Conference in the Philippines" on 28-29 May 2015 in St. Paul University Manila. Following the success of the 2015 conference, a need to continue introducing Music Therapy in the country and to provide more learning experiences for those who have been introduced to the practice earlier, became apparent. As such we are launching The Sound of Healing: The Third Music Therapy Conference on 6 - 8 May 2017.

It is in this light that we launched "The Sound of Healing—The First Music Therapy Conference in the Philippines" on 28-29 May 2015 in St. Paul University Manila. Following the success of the 2015 conference, a need to continue introducing Music Therapy in the country and to provide more learning experiences for those who have been introduced to the practice earlier, became apparent. As such we are launching The Sound of Healing: The Third Music Therapy Conference on 6 - 8 May 2017.

WHO SHOULD ATTEND?

Teachers and teachers-in-training, especially those in special education, school administrators, formators, hospital directors, pediatricians, psychologists, counselors, psychiatrists, nursing Care staff, social workers, parents of children and youth with special needs, and all others who are interested in learning more about Music Therapy.
