ALUMNA SHINES AT 43RD INTERNATIONAL EMMY AWARDS
From a report by Chuck Smith (Associated Press)

MANILA, Philippines - ABS-CBN president and Chief Executive Officer (CEO) Charo Santos Concio (St. Paul Manila AB 1976) made history again by chairing the International Emmy Awards Gala last night in NYC (the first Filipino in the Intl Academy's 43 year old history).

Santos-Concio said the Philippines may not yet be a major player in the world content market but many Filipino shows have already been warmly welcomed in several territories, a proof that Filipino content is now thriving in a globalized environment.

“We are grateful that through our content, we can show the world the real wealth of our country. These are our strong family values and our resilience as a people. We see no better way of achieving it than through television,” said Santos-Concio, who spoke as the gala chair of the 43rd International Emmy Awards held in Hilton Hotel New York recently.

Santos-Concio is the first Filipino gala chair invited to participate in the event, which she referred to as the “world’s most important annual television event.”

“The more we care, the less we fight. During dark days of terror, we come together in prayer. So, the world, far from falling part, is even inspired to unite,” she said.

She said that when content producers begin to know and care about people and things, “we begin to care about other people’s quest for love, pursuit of dreams, cry for justice, celebration of triumph and struggle for survival.”
Meanwhile, actor Piolo Pascual also had his shining moment when he presented the award for Best Telenovela alongside Karla Mosley of “The Bold and the Beautiful.”

Audit Team Organized  
Contributed by Ivy Coronel

In line with the thrust of St. Paul University Manila for school year 2015-2016, that is, to review and update procedures, policies, work instructions at the unit and division levels, the Planning and Quality Assurance (PQA) office held a seminar-workshop on Internal Quality Audit (IQA) participated in by selected office personnel from the different divisions on 7 September 2015 at the PQA Office.

Ivy Coronel, PQA staff, who served as Resource Speaker/Facilitator for the said seminar, shared the learnings she gained from the IQA training-seminar she attended on May 17-18, 2015 held in the Philippine Trade Training Center.

Among the participants were: Marissa Santos (President’s Office), Charllane Gregorio (Registrar’s Office), Anne Marie Maslog (Library Services), Maria Fe Nadonga (College of Nursing and Allied Health Sciences), Mary Day Tolentino (Christian Formation), April Lynne Bautista (Human Resource Services), Julie Ann Natividad (Finance Services), Anne Bungalon (Health Services), Irish Asperga (Student Affairs), and Mervin Cequeña (Mass Communication Laboratory).
At the end of the seminar, Dr. Marichen Dychangco, PQA Director, tasked the team members to create an audit plan which will serve as basis for all audit activities. Initial task of the team is to sort, review and update the forms and policies of the university. The academic services and its units, being the core of this institution, will be given priority by the group.

Subsequent meeting with the team and consultation with the Dr. Rhoda Reyes, VP for Academic Services, were held thereafter.

FROM THE COLLEGE OF MUSIC AND THE PERFORMING ARTS

Congratulations Amber Loraine Murillo!

Congratulations to your teachers, Prof. Proceso Yusi and Prof. Gina Medina-Perez!

CMPA is so proud of you!
ALUMNI GATHERINGS
